

The Association of Australian Boutique Winemakers invites you to enter...

AUSTRALIA'S WINE | INDUSTRY DESIGN | 2012 COMPETITION

Open to all Australian wine companies plus professional and student designers

About the Awards

The Label Design Awards was founded in 1998 by the Association of Australian Boutique Winemakers and has grown and expanded into an industry event bringing a greater awareness to branding and making a difference to that all important next sale. Be it inexpensive and minimalist, the label can be just as powerful as the pricy model if it packs the punch and sends the message.

For the first time we have decided to invite wine companies of all sizes plus designers as applicants into the competition. We believe that this competition is an essential part of the growth of the Australian industry and that it can make a difference in the marketplace.

We invite you to compete, step back and compare your packaging with your industry peers, to see how you measure up.

All entries complete with web addresses will be listed in the illustrated Awards Results book published by Crowther Blayne. The top 100 entries will be shown on our web site and the results book's electronic version will remain on the site during 2012.
